

UPDATE...12 NOVEMBER 2021

Dear members...

Well what can I say...thankyou indeed for your vote of confidence in my ability to move up to the position of Commodore. I am indeed flattered, proud, honoured...I promise you that I will continue to work on a forward plan for the club, your club, and look forward in anticipation to a future success story.

For those who were unable to attend for whatever reason, thank you for your apologies and your proxy votes. I am humbled that the vote was 100% positive and my committee are so full of enthusiasm and we have already had our first committee meeting. We have started planning towards a business plan which includes a wish list of further improvements in the running of the club and its facilities.

The committee has highlighted a wish list of improvements that will be implemented on a funding and needs priority. The list includes...but not necessarily in this order...

- A new POS HUB that will streamline our ordering at table, cash up, stocktaking, ullage etc.
- Resin or appropriate repairs to the foyer, ladies bathroom, and verandah floors.
- Professional pidgeon proofing.
- Recovering or replacement of bar seating
- Curtains to the dining room
- New canopy for the front door
- Carpet in Reading room
- Paint and carpet the office
- Restoration to the ground floor space...currently the sailmaker...in readiness for rental or function space

For those of you who were at the AGM you will remember how the one-ton club over the years has served the club well in paying for much of our maintenance and improvements...a copy of the AGM minutes will be distributed shortly. We discussed changing the one ton club to the 150 club which leaves room for many more members to invest in this popular lottery...you can purchase as many tickets as you wish, and of course the prize money will

increase to \$150 if you are present at the draw and \$100 if not present. If you would like to purchase tickets or further tickets this can be done by completing a DD form and we will forward it to your bank. Just ask the girls behind the bar or myself. The 150 club will be drawn the first Sunday of each month. You have to be in it to win it! The application form will still read one ton club until the bank is transferred over to the 150 club. Application and DD attached. The winner for the November draw was Clifford Mickleburgh and Barney.

We apologize for any inconvenience that our email database has caused to anyone...we appear to still have a gremlin in the works. I promise we are working continuously on this problem. Vicki and myself have allocated Monday pm to address this and Roger Moore the membership secretary will also work with Vicki on Wednesday pm on the membership database.

More importantly...FUNCTIONS...we look so forward to seeing you soon.

NEXT SATURDAY...20<sup>th</sup> NOVEMBER 2021

...6 FOR 6.30PM...BEAUJOLAIS RUN with no run due to the uncertainty of the reception of the French border police. I will be serving BEOFF BOUGIGNON with RICE. We will then serve camembert with garlic crunchy rolls with some Beaujolais Nouveau wine to wash it down.... just \$15pp.
